   6UOC

7. BIOT3091  Professional Issues in Biotechnology **  
   Session 2, 2007 or 2008 – 4HPW  
   Depends on your Bachelor program  
   6UOC

8. INOV4101  Innovation in Practice A** or  
   INOV4201  Innovation in Practice B or  
   INOV4301  Innovation in Practice C  
   Work experience, generally done after  
   the completion of Honours year  
   6UOC  
   12UOC  
   18UOC

*  This is a recommended study plan for the Diploma. The program is flexible and courses can generally be taken in any order that best suits students’ needs and requirements (with the exception of INOV2210 Business Planning, which is a prerequisite for INOV2110 Business Start Up Skills).

**  For the award of the Diploma in Innovation Management students must complete all courses in the study plan, totaling 36UOC. Students may take BIOT3071 and/or BIOT3091 courses as part of their Bachelor program but must complete ‘Innovation in Practice’ courses at a sufficient UOC level to meet the total of 36 UOC requirement for the award of the Diploma.
